

Airwave

Range Chart

Airwave is the new edition for high class packaging by Fenner Paper.

It's available in bright white or solid black and exquisitely suited for every type of prestige packaging application, such as display boxes, gift boxes, presentation packaging, product displayers, or even high end point of sale.

Airwave is constructed using 100% sustainable materials, and is engineered to the highest standard using the best conversion methods, resulting in a sturdy sheet that is ready for the most demanding or intricate project.
